Shovel

Probe

[Transceiver](#) **

Snow Study Gear

Snow saw – a very valuable tool for winter travelers***

Inclinometer (slope-angle meter)***

5x - 8x magnifying loupe***

Snow profile card***

Single frequency (457 kHz) avalanche transceivers are required for field trip participation. It is recommended that you purchase a transceiver, however transceivers are available for rent from us. Bring **\$15 in cash to the field trip. Availability is limited so let us know early if you plan to rent a transceiver from us. **We also sell our rental beacons.**

*** Optional. We provide some of this gear or purchase your own. (We recommend buying a saw first)

Need Gear? [Purchase from BCA Products](#)

Special REX Package Deal!

Tracker 2 beacon + B1 Shovel + Stealth 240 probe = \$430 retail

\$349.91 + 8.6% WSST = **\$380.00** (Cash or check)

Phone: (234) 208-6739 or Email info@ridgeexplorations.com

We can bring them to the class or to the field trip.

The world's only 3-antenna Tracker. Beacon comes with a harness.
